Hear Poole or "Where da
hell did all the men go"

So,

I received your kind
greetings and just to make
your ~~conscience~~^{conscience} twinge
why I'm gonna write
yah a letter in return
instead of sending you an
Esquiro post-card of Charles
Atlas clad modestly in
a pair of drawers.

Four of us can't agree on
this spelling, and no "shit"
within flying distance, what
the hell I mean the little
man that tells you right
from wrong.

At the moment So

-2-

I'm in a convalescent hospital, recovering from a touch of yellow jaundice. I'm recovering quickly now, and should be back with my outfit soon.

Finals huh! I'll bet you a nervous wreck, and did you find enough benzadrine to keep you going. "Sh, finals, torture by any other name, would sting as deep." Shooky square.

I see where Cal became noble hearted and let O.P.C. go to the Rose Bowl. It's their generous nature, do unto others stuff. As "Stub" always tells his boys "Knee em if ya h hafta, but no rough stuff" Good old Stub, when they gonna retire

-3-

that cigar pins being burn.
He's ruined more good Cal
freshman teams than the
co-eds have.

I read or shall, we
say, looked at the pictures in
"The Lonely Ones," in fact I
bought the book when it hit
the market, my favorite,
yep, "People are no damn good
and "I mind my own
business"

In closed, you'll find a
cartoon from "Yank" that is
fast becoming our case over
here. Notice the "Vice record"
on the back. It's merely
"Service Record" torn & strategically

I hear ugly rumors of
a cigarette & hostage in the
states? Gee, we got plenty
over here, free too, any thing

4
for a service man, I always
say. Maybe if you joined
the Wac, they'd dole you
out a few. It's a thought,
though a poor one. I see
too, by the local newsheet that
they've shipped a cargo of
scotch to the states of course.
Wish I could pick up a few
dozen cases, and catch up on
my neglected ruination
program for my bid naps.
I'm far behind.

Sincerely yours
Hank

P.S. OK - "Where da hell are
all the women" Hank.

P.P.S. - Just to make this sheet
complete, "Write me a letter"
It's patriotic to write men in
the service, R.K. he's
"sensatchional" like Munch
